AN EYE-WITNESS

Sends Her Victoria Friend an Account of the Deluge.

Among the residents of Johnstown, Penn., who were saved from the terrible flood of two weeks ago, was Mrs. Charles Griffiths, a neice of Mrs. Henry Griffiths of this city. Mr. Griffiths is a druggist and was the proprietor of one of the principal stores in Johnstown. In an interview with a Pittsburgh *Dispatch* reporter Mrs. Griffiths gave a vivid description of the scene when the crash came. At the first sign of a rising of the water Mr. Griffiths left his store and went across to Stony creek to look after his family, leaving a boy in charge of the store. So the boy was alone when the dam broke and the crash came. "He heard the engine whistles shrieking the alarm and the roar of the flood approaching. Hurrying to the elevator he started the machinery to raise himself to the third story. It seemed to him an age that the elevator took in slowly making its way to the top of the building. Below him he saw with horror the rushing of the water, its ascent seeming to be as rapid as his own. A dread least the machinery should give way

ALMOST PARALYZED HIM.

At last the elevator reached the top story, the water scarcely two feet below. Hurridly scrambling to the roof the boy remained there all that night and the next day until help came. Meanwhile the experience of the Griffiths family at their home across Stoney Creek was crowded with dramatic incidents. Their house with three others withstood the flood and became the salvation of many whose homes had been swept away. They were the only ones left standing of the hundreds on the beautiful and prosperous south side and all through that dreadful night, men, women and children floating down on the roofs and timbers found to fgment and safety on the roofs and in the attics of these four houses."

Mrs. Griffiths described the scene as follows: "My husband and I" she said, "were standing on the front porch when we heard the engines whistle. Immediately, a great black mass seemed to be advancing upon us. I shrieked that the

JUDGMENT HAD COME.

Indeed I thought that was what it was My husband had the presence of mind to shut off the natural gas, which was burning, and hurry me to the attic. Our hired girl followed us and we were there none too soon, for in a moment we heard the water crushing into the house below us.

"Well, there we were, peering out of the little attic window—and upon such a scene. I won't attempt to describe it. The hotel across the way was hurled directly upon us and swinging round lay almost within reach. The water was almost up level with our window. Houses and roofs, with their freight of shrieking, wailing human beings floated down past us some lodging against our house. When they lodged the poor wretches on them, half crazed, half naked, would crawl up upon our roof and down into the attic and fall, weeping and shivering with fear and cold upon the floor. A red flame flashing up from near the church revealed the whole terrible scene to us. We could see the faces of those we knew turned towards us as they floated down past. We expected every moment that the house we were in would be carried down with the flood. One said to me in a whisper that we would surely be drowned. Others were talking to themselves, saying it was the judgment day, and were

PRAYING FOR MERCY.

How we passed the night I don't know. It seemed as if morning would never come. It was nearly noon before we were able, by picking our way over drifted roofs and timber, to reach the land. Almost the first people we met were my neighbors and the Honers and their guests. Their daughter had been married the night before the flood. It was one of the brightest, gayest weddings that had ever been in Johnstown, but mark the contrast. Here were the bride and groom, father, mother and guests, in tatters and disconsolate, seeking for food and refuge. At the wedding all was beautiful, here this disconsolate remnant. Wrecks and bodies are about them, the poor bride with no clothing but a ragged skirt and draggled white shawl, pale, trembling and crying as if her heart would break; the bridegroom half insane about his father and mother. It was a terrible ending to that wedding party. Out of the 120 guests I will not attempt to say how many are now living. If you will accept what I say to be true, there are not nine families in Johnstown who have not lost some of their numbers."

WHITE SLAVERY IN BRITISH COLUMBIA.

To the Editor of The Times:

SIR,—Possibly you are not aware, and I doubt if many know, that there is a class of veritable slaves in this province. I think the following is sufficient to show that under the Robsonian rule the teachers of public schools have been reduced to a condition of slavery. The teacher *must request* every visitor to his school to make in the visitors' book any remarks suggested by his visit, he must report each month to Mr. Pope that he has done so, he must be prepared to swear that he has told the truth to Mr. Pope or he may be liable. No, that is not the Robsonian style, but he *shall forfeit* one month's salary. Again. Each teacner must look into the school privies every evening and remain till every scholar has left the school yard before he ventures to go home. He must report at the end of the month to Mr. Pope that he has STRICTLY observed this rule, be ready to swear to it, or what. "He *shall forfeit* one month's salary." Again. If a teacher should happen to allow the recess to exceed the proper time by one-half second, "he *shall forfeit* one month's salary." Again. The teacher must keep a daily record of the work of each pupil in all his classes. However, as neither Pope no Wilson can show the teachers how to keep the marks and by that "official explanation" have practically nullified this rule, I suppose these facts will be accepted as a satisfactory explanation for its nonfulfillment. Again, the teacher must daily inspect the yard and outhouses. He must report at the end of the month that he has done so, and swear to it if called upon, or he *shall forfeit* one month's salary. The teacher must send in his monthly report within three days after the close of the month. I wonder if Mr. Pope forfeited five months' salary last year for that delay in issuing his report. Thus, if a teacher reports at the end of the month that he has not kept ANY rule or regulation, he must give a satisfactory explanation or he *shall forfeit* one month's salary. Now I ask what is the temptation and tendency of such rules with such a penalty. Does it not tend to make teachers deceitful, blunt their moral perceptions, degrade them, yes, and even cause them to despise and hold in utter contempt the men who would promulgate such rules and such penalties and allow them to remain in force? Yet some people wonder why I criticise the acts of the educational authorities. I wonder that the people do not rise *en masse* and hurl them out of power.

GENERAL DISPATCHES.

Signal Defeat of Prohibition in Pennsylvania—Railway Accident—The Turf.

Through Line to the Pacific—News of the Orient—Searle Arrives in England.

By Postal Telegraph.]

Brooklyn, June 20.—Last night Dr. Couricey, of the health department, notified the deputy health commissioner, Dr. Young, that a man whose illness was surprisingly like yellow fever was lying sick at 173 Hancock street. Dr. Couricey called at the number given and found there Dr. R. W. H. Duncan, surgeon of the Pacific Mail S. S. Co., who was evidently suffering from that dread disease. Couricey had the patient removed to an upper room and completely isolated from the rest of the inmates. Duncan said he was stricken with the illness with which he is suffering, when five days from Aspinwall on his last voyage. When the Colon arrived at New York he was taken in a carriage to Brooklyn bridge and made the rest of the journey to the house in which he now is by means of the bridge and street cars.

ERECTION OF LARGE STEEL WORKS.

San Francisco, June 20.—It is announced here this morning that the wealthy English syndicate which it was stated recently was about to erect extensive iron and steel works at some point on the Pacific coast will establish the same at Vallejo on the Sacramento river, less 50 miles north of San Francisco.

BLOW AT PROHIBITION.

Philadelphia, June 20—Official and estimated returns from every county in the state show a majority of 188,449 against the prohibition amendment. The amendment providing for a repeal of the poll tax qualification is lost by about 150,000 majority.

RAILWAY ACCIDENT.

Pittsburgh, June 20—A special from Steubenville, Ohio, last night says, brakeman Jno. McFarland, of Mansfield, Ohio, died at three o'clock this afternoon. The physicians say Conductor Cavviess injuries are fatal and that he cannot live much longer. The others injured in the accident yesterday are resting well and will probably recover.

ALL RIGHT.

Norfolk, Va., June 20.—The U. S. ship Constellation, which went ashore near Cape Henry yesterday, was floated this morning and got away without serious damage.

AUSTRIA WANTS THEM.

Belgrade, June 20.—A revolutionary manifesto has been distributed throughout Bosnia and Herzegovina, evidently eminating from Servia. The document warns the people that Austria is moving to annex them and calls upon them to take steps to defend their liberties. The populace in all the Balkan country is worked up to a fever excitement.

CRIME IN GRASS VALLEY.

Grass Valley, Cal., June 20.—A Chinaman employed on the ranch of Jno. Hastings made an unprovoked attack upon Hastings with a pitchfork this morning. Hastings obtained a gun and shot and it is believed wounded the Chinaman.

The police are trying to learn the whereabouts of George Stewart, a boatman, who is believed to be the murderer of little Flossie Lord, who was killed in her bed yesterday. Stewart is said to have threatened to kill her if she refused to accompany him to San Francisco.

STANLEY IN DEMAND.

London, June 20.—Henry M. Stanley's lecture agent, Mr. Appleton, announces that Stanley will fulfill his unfinished tour in England, Australia and America as soon as possible. No dates have yet been booked for the explorer's lectures, but applications already overwhelm his agent.

A BELGIAN BEAR GARDEN.

Brussels, June 20.—A disorder which prevailed in the Chamber of Deputies yesterday, continued to-day and a strong force of police were on hand to guard the Chamber. The President repeatedly appealed to the house to preserve order and decorum, but without avail. Cara, in a turbulent speech, attacked the government policy at Mons, and M. Beernaert defended the ministers. A hot debate ensued which continued until the House adjourned.

CHINESE LEPER.

Sacramento, June 20.—A Chinese prisoner in the county jail was discovered to be afflicted with leprosy to-day.

FIRE RECORD.

Merced, Cal., June 20.—A fire which broke out in a barn near here this afternoon, spread to the grain fields and burned over a large number of acres. The fire also burned a portion of the town cemetery. The loss is not known.

MINING FEVER.

Pasadena, Cal., June 20.—A report comes from Azusa, a small town twelve miles east of this city, that a rich lode of silver rock has been discovered and a stampede is in progress. A large number of claims have been taken up and excitement is becoming general.

BETTER THAN NOTHING.

Sacramento, June 20.—The suit of Lottie Lee, a 15 year-old colored girl, against Washington Shepherd, also colored, and 60 years of age, for $25,000 for betrayal, resulted last night in a verdict for the girl for one-tenth of that sum.

ALASKA CEDAR.

San Francisco, June 20.—A short time ago the Thetis brought from Alaska a small quantity of cedar, which was tested at Mare Island yesterday as to its qualities for boat building. Its great flexibility and imperviousness to water were especially noticed during the test.

BIG STRIKE IMMINENT.

Omaha, June 20.—The controversy between the Union Pacific and its engineers over wages is growing worse and a general strike seems inevitable. Mr. Kimball asked that the matter be submitted to arbitration, but the engineers after a conference decided there was nothing to arbitrate. Mr. Kimball then asked the engineers to defer action until he could communicate with President Adams who is in Portland, Oregon. Unless a favorable answer is received to-day the engineers will ask Chief Arthur to order a general strike on the entire system.

SEARLE IN ENGLAND.

London, June 20.—Searle, the Australian oarsman, arrived at Plymouth this morning by steamer from Australia.

The visiting American engineers left for Paris via Calais this morning by the Dover steamer. Large crowds assembled at the pier to bid them farewell and the band of the town paid them special honor by playing American airs.

GENEROUS 'FRISCO.

San Francisco, June 20.—"The generosity of San Francisco," says the *Examiner* this morning, "has been abundantly shown to Johnstown. The city has forwarded $50,000 for the relief of the sufferers by the terrible flood that swept through the valley of the Conemaugh, while only $5000 has been sent to Seattle. It is now advisable that the rest of the relief fund raised here should go to the northern sufferers; none of the contributors will object to this disposition of the money which was subscribed to relieve distress, and the call of Seattle is now more urgent."

FIRE IN RUSSIA.

St. Petersburg, June 20.—Ostrog, on the Black Sea, near Odessa, has been nearly destroyed by fire. A thousand people are homeless. The damage is estimated at a million roubles.

HE WANTS THE EARTH.

San Francisco, June 20.—A suit was brought to-day which involves the title to a large portion of San Francisco. A representative of the old Spanish Castro family sues the city for possession of all the land between the Presidio reservation on the bay, Franklin and Vallejo streets, seven hundred and fourteen blocks in all. The plaintiff claims that this land was a Spanish grant to the Castro family.

O'CONNOR GIVES THE CAUSE.

London, June 20—Thomas Power O'Connor testified before the Parnell Commission to-day that the turning point of the agrarian struggle in Ireland was the rejection by Parliament of a bill to compensate tenants for improvements that they had made upon their holding. Disturbance upon began and tenants were compelled to combine.

Sir Charles Russell is suffering from a throat affliction and has not appeared at the Parnell Commission since the sittings were resumed.

FROM THE ORIENT.

San Francisco, June 20.—The steamer Oceanic arrived this morning from Hongkong in 23¼ days and Yokohama in 14 days 6 hours. The following advices are received: The Chinkiang riots have been settled by the payment of about 140,000 taels compensation, of which the Acting British Consul received 26,000 taels and the American Consul 21,000 taels.

A Japanese ex-policeman has been arrested while on his way to the Japanese capital with the intention of assassinating one of the new cabinet officers for a supposed grievance.

Cholera is still epidemic at Manilla, and there are a large number of deaths daily.

THE TURF.

London, June 20.—At Ascot Heath to-day, the gold cup, valued at £1000, with £200 for second and £100 for third, added to a sweepstakes of £20 for each entry, was won by Warren de Rives' chestnut colt, Frayles; Lord Falmouth's Rador, second; Leopold Rothschild's Cotillion, third.

PLEASED THE KANAKA KING.

Augusta, Me., June 20.—Henry W. Severance, visiting his old home, denies the story that his appointment as Consul General to the Hawaiian Islands has given great offence to King Kalakaua. He says he was on exceedingly friendly terms with the King and Archibald Cleghorn. Kalakaua's brother-in-law, whom he met in San Francisco, assured him the King was greatly pleased with his appointment.

SALT WORKS SOLD.

Richmond, Va., June 20.—A telegram from Marion this morning says: "Rumor prevails here that George W. Palmer has sold his salt works to an English company for a million dollars and that the working of the salt will be suspended therefore for sometime. It is also reported that the English company has been leased to a northern company for a considerable amount to be used in the manufacture of soda. These works largely supplied the late confederacy with salt.

NO SHOW FOR PROHIBITION.

Providence, R. I., June 20.—Rhode Island is voting on the prohibition amendment to-day. A victory like that in Pennsylvania is anticipated by the "wets."

THROUGH LINE TO THE PACIFIC.

Ashland, Wis., June 20.—In a literal sense of the term, a through line will be completed in a few days between Chicago to the Pacific coast. To-day work was begun by the Northern Pacific Road on the connecting link of the break uniting the terminus of the leased lines and the Wisconsin Central and its system here, and within a few days there will be a continuous line of railway between the west and the east.

STRIKE OF BRICKMAKERS.

Chicago, June 20.—Two hundred brickmakers at Purington & Kimball's yards struck to-day for the recognition of eight hours as a day's labor. They will be followed by 2500 more men within a few days, comprising all the brickmakers in the country.

EARTHQUAKE IN CALIFORNIA.

Sacramento, Cal., June 20—A shock of earthquake was felt here and in towns to the north last night. No damage was reported.

STRIKE AT JOHNSTOWN.

Johnstown, Pa., June 20.—The strike among the boring men here is fairly on this morning. There are not 1,000 menat work. The dissatisfaction is spreading to other workmen. Overbearing bosses and short rations for which the men are made to pay liberally are the grievances. A largely attended meeting of strikers was held this morning. A committee of twenty was appointed to confer with the men at work and ascertain the exact number in sympathy with the strike. This committee will report to another meeting to be held at noon. Three car loads of Italians arrived this morning, committee persuaded them not to work.

ASSAULT WITH INTENT.

San Francisco, June 20.—The District Attorney to-day filed an information charging Michael Hawkins, who, a few weeks ago attempted to assassinate Mrs Donahue, widow of the deceased capitalist, with assault with intent to commit murder. He will be arraigned Saturday.

ARGENTINE REPUBLIC.

Prospects of a Tussle with Brazil Over Some Territory.

The following was received from a friend of THE TIMES now in the Argentine Republic. The intimation of a probable rupture between the two largest States of South America will be news to our readers:

Entre Rios, Gualequay, April 27, 1889.—The weather here until recently was quite sultry, and when I tried to write by sunlight, I generally went to sleep over it. Now, however, the weather is nice and cool, so that one can write with comparative comfort. We have had a very wet summer and the autumn also has been the same. There are large losses in sheep, owing to lombrices in the lungs. We have also had a good deal of sickness in town. All the lower camps contiguous to the Gurana and Wingway have been under water for the last four months, and to make matters worse the Gualequay, which in ordinary years is an insignificant stream, suddenly flooded all the lower parts of the town, driving out the inhabitants. The poor were taken care of by the municipality.

Buenos Ayres has increased wonderfully, and has now over 500,000 population.

There seems to be some prospect of a tussle with Brazil about the boundary question in the Misiones Territory. Brazil is arming, but they say it is about a dispute with Bolivia over the Gran Chaco, Brazil, being protector of Paraguay, which owns a portion of that territory.

TO THE TIMES ONLY.

The Cornwall Spinning Mill Burned Down—Two Elopements at Blythe.

A Chinaman Gets Ten Years for Housebreaking—Court of Enquiry.

Special to THE TIMES.]

Montreal, June 20—A court enquiry is being held in St. John's Military School on a charge of insubordination against a lieutenant. It is stated that the lieutenant refused to obey the major, and being ordered under arrest, struck his superior officer in the face. Colonels Houghton and Mathew are holding the enquiry.

SPINNING MILL BURNED.

Cornwall, June 20—Early this morning fire broke out in the engine room of the Cornwall spinning mill. The entire building was soon in flames. Loss forty to fifty thousand dollars.

TWO ELOPEMENTS.

Blyth, Ont., June 20—Last night Mrs. Boyd and Miss Thompson, accompanied by A. Symonds and John Gillespie, left for parts unknown. Mrs. Boyd leaves a husband and six small children behind her.

IS THERE FAVORITISM?

Kingston, June 18—A movement has been commenced, originating in Deseronto, to have members of the legislature in Eastern Ontario to protest against the partiality of the Education department towards Toronto University to the detriment of Queen's University.

COLORED MEN NEED NOT APPLY.

Toronto, June 18—The Canadian Order of Oddfellows in session here voted down a motion to provide for the eligibility of colored men for membership in the order.

FROM OTTAWA.

Special to THE TIMES.]

Ottawa, June 20—Mr. and Mrs. Hamblin, of Victoria, are here and staying at the Russell House.

NEW WESTMINSTER.

Ten Years' Sentence—A Writ of Prohibition Issued.

Special to THE TIMES.]

New Westminster, June 20.—Ah Chue, the Vancouver housebreaker, was sentenced by Hon. Justice McCreight to 10 years in the penitentiary.

The mayor, aldermen and citizens of Westminster have accepted the invitation to attend the celebration of Dominion Day at Vancouver.

A writ of prohibition was granted by Mr. Justice McCreight yesterday, restraining Maple Ridge Licensing Commissioners from granting to R. W. McIntosh a license to sell intoxicating liquors at Port Haney.

REPORTERS AT JOHNSTOWN.

Intense Rivalry Among Them—Pittsburg Got There First.

Among eastern newspapers there was intense rivalry in getting news from Johnstown. But first it was necessary to get to Johnstown, and railroad communication was broken. Representatives of Pittsburg papers and reporters for the Associated Press got in first. The first newspaper men from New York to arrive at Johnstown were two representatives of the New York *Sun* and an artist for *Harper's Weekly*. They got in the fourth day after the flood. They first came west as far as Harrisburg, and finding they could not get through, returned to New York went to Buffalo and Cleveland and from Cleveland to Pittsburg, where they hired a special by a long roundabout way over the Baltimore & Ohio to Johnstown. The New York *World* sent six men who also got as far as Harrisburg, then backed out and went to Baltimore, where they were told the lines towards the west were all disabled. But they made their way to Martinsburg, W. Va., and finally got into Pittsburg twenty-four hours behind their rivals of the *Sun*. The Pittsburg *Dispatch* had an army of reporters on the ground, and as fast as the men were worn out filled their places with others. This work continued with unabated energy for ten days.—*Oregonian.*

REFUSE TO GO TO WORK.

And Run Out of Camp at the Bayonets' Point.

Johnstown, Pa., June 18.—At 10:30 o'clock a gang of about 100 men were put at work on the wreck near the general office of the Cambria Iron Company. This morning a large company of laborers from Greensburg positively refused to go to work at $1.50 per day, claiming they had been promised 50 cents per day extra. On hearing this Gen. Hastings ordered a company of militia to the camp of the strikers, who again refused to go to work, whereupon the soldiers were ordered to charge upon them, running them out of the camp at the point of the bayonet. The day is growing very warm, and the odors from decaying flesh are becoming terrible.

Burgoyne Bay.

Almost all the farmers are now busied in the arena of the hayfield and we are pleased to note they have good crops, which is true of all other kinds of products.

The past week was warm and people are in hopes of rain for the root crops.

Mr. Jno. Brown is again among us after enjoying a lengthy holiday in "Old England." Mrs. Akerman, too, is back from visiting her daughter in New Westminster. Mr. Wallace is again with us for a few days.

Fruit is now quite plentiful and of first class quality. Presumely there were few among us who did not feast for many days on cherries, strawberries, etc.

Several persons here observed the smoke of the burning of Seattle, but of course did not know what it was.

Mr. Maxwell and Mrs. Williams went by Saturday's boat to Victoria.

At the annual school meeting Mr. Chas. Horel was again elected trustee.—COM.

Villard's Railways.

The agreement that the great block of O. R. & N. stock held by the Oregon & Transcontinental shall be sold, is the first step and the greatest one towards winding up the affairs of the Oregon & Transcontinental of which Mr. Villard was elected president. At all events it is a matter of congratulation that that corporation is to be shaken out of Oregon.

Mr. Van Horne met Mr. Oakes, president of the Northern Pacific, by arrangement at Tacoma on Tuesday morning. Mr. Oakes was accompanied by Mr. Villard and Mr. Paul Schultze.

The annual meeting of the Portland & Willamette Valley Railroad Co. was held at Portland on Tuesday. Col. Chas. J. Crocker holds enough stock to re-elect himself president.

The Northern Pacific Terminal Co elected directors on Monday, at Portland. All the old directors were re-elected except Mr. Villard and Mr. Elijah Smith.

THE SANCTUARY.

Synopsis of the Discourse Given at the Gospel Tent Last Night.

The prophecy of Dan. 8: 14, simply declares that at the end of the 2300 days the sanctuary shall be cleansed. The subject of the sanctuary thus becomes the central and controlling question in this prophecy. If we regard it as something which is to be cleansed only at the coming of Christ, then the 2300 days must extend to Christ's coming. Many hold it in this light, and hence their continual efforts to readjust the prophetic periods, and set new times for the Lord to come. Paul states in Heb. 9: 1, that the first covenant had a worldly sanctuary. The tabernacle was built by Moses in the wilderness of Sinai, which was afterward embodied in the temples of Solomon, Zerubbabel and Herod. This settles the subject of the sanctuary down to the time of Christ. The only question now to be decided is has there been a sanctuary since that time? and if so, what?

Paul says that the second covenant has a sanctuary, the same as the first. The new covenant was introduced and ratified by Christ. His ministry is performed in heaven. He is there a minister of the sanctuary, the true tabernacle, which the Lord pitched and not man; Heb. 8: 1, 2. The sanctuary of this covenant is, therefore, where the minister is, in Heaven.

John in his version of things in Heaven saw there the antitype of the golden candlestick, the altar of incense, the golden censer, and the ark of God's testament, all instruments of the sanctuary, the presence of which unmistakably prove the existence of the sanctuary when they were seen. And John also had a view of the sanctuary itself, which he brings to view under the name of "The Temple of God in Heaven." Rev. 4; 1 5, 8 3, 11-19. Thus it is called also by David and Habakkuk. Ps. 11, 4; Hab. 2, 20.

John in Rev. 11, 19 says: "And the Temple of God was opened in Heaven, and there was seen in his temple the ark of his testament." The temple is opened; the second apartment of the sanctuary is entered. We know it is the holy of holies that is here opened; for the ark is seen, and in that apartment alone the ark was deposited. This took place at the end of the 2300 days, when the sanctuary was to be cleansed. Since that time the people of God have seen by faith the open door in Heaven, and the ark of God's testament there. They are endeavoring to keep every precept of the holy law written upon the tables therein deposited. This is one of the reasons why we keep the Sabbath of the fourth commandment. We find that law now in Heaven which says: "The seventh day is the Sabbath of the Lord thy God." We would not presume upon the mercy of God, and do profane work on that day. Do you think it safe?

The subject for to-night is "The Judgment."

SPORTS AND PASTIMES.

WHAT CANADIAN OARSMEN HAVE DONE.

Toronto *Globe*: A correspondent asks the *Globe* to say what Canadian oarsmen have been champions of America, and who of them have been champions of the world. There was really no world's championship among the scullers until the days of Edward Hanlan's triumphant tour of the world, but before him the Canadians, Walter and George Brown, had been champions of America, and after him came J. G. Gaudaur and Wm. O'Connor, the latter now holding the title. In a few months we believe that O'Connor will be the undisputed champion of the world. So much for the professional scullers. Among the four-oared crews, the Paris crew, of St. John, N. B., were champions for many a day. There is now no four-oared championship, but it can hardly be doubted that a Canadian four could be found to beat any crew in the world. Among the amateurs the success of Canadians has been quite as pronounced. In the last five regattas of the National Association of Amateur Oarsmen of the United States, Canadian clubs have won the senior four-oared championship—the Argonauts and Torontos, of this city, and the Nautilus, of Hamilton, being the successful clubs. Last year and in 1886 the Toronto Rowing Club won the national championship in the junior fours. Joseph Laing, of Montreal, was for two years champion senior sculler. Last year the junior championship was won by M. Shea, of Toronto, and the year before by D. Donohue, of Hamilton. The double scull champions of America are Messrs. Delaney and Robertson, of the Don Rowing Club, of this city. The list goes back only a few years, but it must be gratifying to every Canadian who loves his country.

THE RING.

Clem Austin and Tom Cleary apparently mean business. Cleary will attempt to put Austin to sleep in ten rounds or less with two-oz. gloves. The mill comes off on Sunday next on American soil. A limited number of spectators will be present, paying $10 each for the privilege. Austin is being trained by Quinn the wrestler, while McCann is looking after Cleary. Austin will enter the ring at 144 pounds; Cleary probably ten pounds heavier.

BASE BALL.

Nash had not made an error between May 6 and June 7, a feat almost unparalleled in base ball history. During that time he put out in 19 games 35 men, and had 37 assists.

PERSONAL.

Items Telling of Movements of Well Known Persons.

Mr. R. P. Rithet and Captain John Irving who went to Tacoma with Mr. Van Horne, returned home last night.

Geo. Shields, of the Portland flouring mills, arrived in the city last night.

Charles H. Kittinger, of Seattle, and bride, nee Aimee Louise Whitney, arrived in the city on Tuesday on their honeymoon tour. They go up the line of the C. P. R. ere returning home.

Charles F. Gallagher, representing Todhunter, Mitchell & Co., of Toronto, is in the city on one of his periodical business tours.

Mrs. Rudge is dangerously ill.

S. Schoen, grocer, is at St. Joseph's Hospital, ill with typhoid fever.

Miss Jessie Eberts, sister of D. M. Eberts, Esq., who arrived a few evenings since from Chatham, Ont., will spend the summer in Victoria.

Mr. A. C. Gray and family will shortly leave for the old country, where the children will be educated.

His Lordship Bishop Hill returned on Tuesday evening from England whither he had gone some months ago to attend the Pan-Anglican Synod held at London. His Lordship, we are glad to learn, is much improved in health.

Rev. M. Baron, of Liverpool, Secretary of the Society for the Propagation of the Gospel, was a passenger from the east on Tuesday. He brought with him a party, ten of whom were destined for Vancouver and thirty for Victoria.

G. B. Armstrong, of Nicola, is at the Clarence.

Elijah Smith, the railway magnate, arrived on the Sound boat last evening and left for New York this morning via the C. P. R.

David Morrice, of Montreal, head of the large commission house of D. Morrice, Son's & Co., is in the city and registered at the Driard.

W. E. Osterhaut and G. W. Kennedy, who recently sold out of the Commercial Hotel, Nanaimo, are both in the city.

FISHING FOR A POLICY.

It takes a great deal of space in the Colonist to neutralise, or attempt to neutralise, the quarter-column pen pictures of the Government occasionally produced by the TIMES. It would be supposed if the TIMES was so badly off its base that our morning contemporary would be able to establish the character of the Government in a paragraph. The idea that conscious innocence requires a column of solid matter to upset the machinations of the TIMES' "evil genius" is absurd, and the public is bound to so regard it. The TIMES did not enter into the land swap debate because the subject was premature, besides it was determined that the Government should formulate a policy of its own without first fomenting a controversy among the people. But the public fell into the trap, and now the Government from the stump will *truthfully* proclaim that they are innocent of any hand in the matter. So far as ascribing to the Government the qualities of half a dozen characters is concerned, this is really a tribute to Government versatility, and we are surprised that the Colonist does not recognize the fact in other language than that of depreciation. We note, however, that the Colonist is discretely silent on the two little wagon roads now impassible, and upon which so much money has been expended. Perhaps the Colonist will inform us why these highways have been abandoned, and in fact we should really like to know why they were built in the first place.

SIGNS OF GENTILITY.

Can a man be a gentleman whose pants bag at the knees, is the question which is just now agitating San Francisco, and particularly the Bohemian Club of that city. The question came up in this wise: The Bohemian Club was banquetting a naval officer, one of the survivors of the Apia disaster, and the Alta-California, wanting an elaborate report of the affair, sent a reporter to write it up. The reporter was refused a seat at the banquetting board, owing to his failure to appear in the conventional swallow-tail coat, and now the town is all agog about it. The Bohemian Club, rejecting a brother Bohemian because he was not attired like a flunkey, thereby disavowing the conditions which form the basis of true Bohemianism! Well, the club is in hot water on the strength of it. Mr. MCALLISTER's indiscreet remark about the New York "four hundred" did not place him in a worse plight than has the Bohemian Club of San Francisco been placed by the snobbishness of a pair of its members. There is a good deal of tinsel and fraud in the United States. There are lots of people in that blessed country to whom the incense of the barn-yard still lingers, who put on the style of born aristocrats. These men manage somehow to get in good company, and it is noticeable that so often as they do they have the happy faculty of making asses of themselves. But these exhibitions are in a manner valuable. Sosoon as one of these half bred snobs makes an exhibition of himself the easy going, devil-may-care public rises up, and proclaims its democracy, its general contempt for conventional forms as the guage of the gentleman. A more careless public never existed than the American public, and particularly the California public. An aristocracy in its shirt sleeves, it might be designated—an aristocracy which concedes to individuals the right to adopt any conventional usage they may choose, but which resents at the same time any act overt or implied, which would seem to nationalise the adoption of the swallow tail or a coat of arms as the badge of a gentleman. "Jacksonian simplicity" is still a potent factor in American society and politics, and particularly does the Californian detest a swallow tail coat. To him it is the badge both of snobbishness and flunkyism, and so when it happens that a newly fledged dude attempts to make it a title of nobility he is incontinently sat on. But there is another reason why the typical American despises the swallow-tail, although he may wear one on occasions. There is not one man in fifty to whom it is becoming, and his sense of the ridiculous at the gawky spectacle most wearers of it present is so excited that he will have none of it. Old Gen. BIDWELL, as fine an old fellow, personally, as ever lived, was defeated twice for Governor of the State because of his affectation of this peculiar style of coat, and his aping of the ways of a gentleman of the old school. Young America would not stand it, and Republican as BIDWELL was, in a state whose normal Republican majority was 10,000, he was badly beaten, ran behind his ticket in fact. We can readily understand, therefore, that the Bohemian Club has won unenviable fame, and it is pretty certain unless it can smooth over the affront offered to a brother Bohemian that it will be satirized out of existence. We have hitherto alluded to the rankness of the democracy in the States, and attributed to it the grand cause of migration thither, though the material inducements to remain in Canada were equal if not superior to those offered by Uncle Sam, and it will dawn upon the thick comprehension of those who have differed from THE TIMES after a few more examples have been given that we know pretty near what we are talking about. We point with pride and satisfaction to the sturdy integrity of the average Britisher, and we know that his democracy is *bona fide*, but there is nothing fervid about it; its characteristics are arctic, and the immigrant made more gregarious and social by the strangeness of his surroundings turns to the country where he can go in his shirt sleeves without throwing society into convulsions.

FEDERATION.

Imperial Federation, says LABOUCHERE, is a myth until England is willing to give up all species of claim on her colonies. But is England prepared to do that? LABOUCHERE suspects not, and on the other hand asks if the Colonies are prepared to regard our "mother and children theories" as anything beyond an unmeaning, sentimental expression. Then, again, in the event of Imperial Federation the meddling of England in the continental and dynastic European quarrels, the Colonies would never consent to. Three years ago, continues Truth, Lord SALISBURY tried to induce Austria, Germany and Italy to join us in declaring war against Russia in order to compel that power to assent to the restoration of Alexander of Battenberg to the throne of Bulgaria. If he had succeeded, can any one in possession of his senses suppose that Australians or Canadians would have consented to become active parties to such a war? These great countries are inhabited by intelligent human beings, and as intelligent human beings they would have cut adrift from their connection with us.

EDITORIAL NOTES.

George W. Westinghouse, the air-brake millionaire of Pittsburg, is building a $1,000,000 "cottage" at Lenox, Mass.

The French papers call Col. Cody "Guillaume de Buffalo," and he has learned to take it without resentment. Freely translated he is still Buffo le Beel to the undercut Parisian.

Sir Julian Pauncefote is extremely fond of fencing, and is rated as one of the most skillful of swordsmen. His predecessor was mightier with the pen, but he didn't know it was loaded.

Collis P. Huntington has paid $450,000 for a small lot on upper Fifth Avenue, New York, and will build on it a residence to cost $1,000,000. People will be glad to see that the Pacific Railroad and Standard Oil millionaires are slowly getting themselves comfortably housed.

The Prince of Wales, according to a newspaper man in London, is an exceedingly good fellow. "He is an all-around man, and his accurate knowledge on all sorts of subjects is simply phenomenal. Talk with him on yachting, hunting sport of any kind, the theatre, current literature or art, and he is thoroughly posted. Home and foreign politics he has at his fingers' ends, and he knows what is going on all over the world. He would make an ideal editor. He's an indefatigable worker, and he'd be a whole staff in himself."

Canada taught the United States a lesson when her Parliament passed the Weldon Bill, and by so doing agreed to hand back to the republic her escaped embezzlers, although the United States Senate, by throwing out the extradition treaty, had prevented free trade in prisoners, and now Chili has taught her another by handing over an American embezzler without any extradition treaty whatever. If the United States does not take the trouble to keep its skirts clean, it will soon achieve the reputation of being the only refuge for embezzlers that still exists.

There are various literary coteries in New York, nearly every one with a rendezvous at the house of some woman whose name is occasionally printed in magazines or in books. A stranger having the entry of these circles would get the idea that the only writers in town are women. The men who appear at these weekly receptions, which the ladies call "salons," are a peculiar order of beings. They are not writers. Either the men writers will not go to these affairs, or they are not wanted. As a rule, the men whom one meets at these places are pianists, song-composers, prestidigitateurs, palmists, readers, and the like. Everybody is always in evening-dress, the ladies very decidedly so. The hostess rules absolutely in each set. She is in each case a married woman whose husband is not met by her guests. It appears to be the rule that on her evenings the literary hostess shall reign on the only sofa in the room. There she is always to be seen, in decollete costume, reclining upon an elbow buried in cushions. The men and women accost her in turn, each staying by her side long enough to pay a few compliments and shed some commonplaces. During the evening there are always loud calls for something from the hostess, and eventually she rises and reads her latest effusion. One of these literary queens usually produces what may be called compositions, though she calls them essays. But she reads them just the same. Afterward they are syndicated and sent to the western papers. As often as possible, the queen of each set secures a literary lioness, and brings her out in New York on these occasions. The lioness sits beside the queen on the sofa until the time comes for her to read her piece. The talk indulged in at many of these literary receptions is one of the most remarkable features of the so called literary life. Nothing is either too intimate or too unconventional to be discussed. Yet the impression is made that the singular choice of topics is part of the entire fantasticals. Forbidden ground is the chosen field in private and public, but it is occupied with a degree of coldness that robs it of the sting of suspicion. These ladies visit the realms of bisexual psychology as Sisters of Charity might enter barrooms. The well-to-do women serve tempting little luncheons at these symposia. The others pay no heed to such earthly wants as those which the practice of eating and drinking satisfies.

LONDON TRUTHISMS.

"I sometimes wonder," says Sir John Lubbock, "as I look away to the stars, whether it will ever be my privilege as a disembodied spirit to visit and explore them. When we have made the great tour, fresh interests will have arisen." If I were absolutely certain that I should, when "disembodied," start on the great tour, I should be strongly tempted at once to disembody myself; for, compared with the Universe, this world of ours is not much bigger or more important than an ant-hill, and we, with our pretensions, our rivalries, our quarrels, our clap-trap, and our great and important "questions," are about on a par with ants. I have always had a special wish to visit Mars, because we know more about that planet than any other; and this, no doubt, is why I have read with considerable interest a book called "Mr. Stranger's Sealed Packet," by Mr. Hugh MacColl (a brother of Canon MacColl), which gives a curious and interesting account of a visit by a Mr. Stranger to Mars.

"Nature," writes a friend at Berlin, "was uncertain whether the Prince of Naples should be masculine or feminine, and at the last hour half made up her mind that he should be a Prince. He is girlish in figure, disposition, and physiognomy, but, unlike a girl, is slow to develop. He ought, in the interests of the dynasty, to be mated with some finely built *contadina*. No daughter of the late Emperor Frederick has the gift of beauty. The Hereditary Princess of Saxe-Meiningen has handsome shoulders when seen from behind, and so gets her head painted in profile, with her back towards the painter. Sophie is the most comely of the four, and it is said that she is to be the future Queen of Italy. She may improve, for she is quite young. As it is her face is that of a child staring at vacancy, while it holds a spoonful of pudding in its mouth. You know that expression, don't you, when the advanced tips enclose the spoon, as if relishing the pudding, for which, however, there is no hearty appetite."

An Extraordinary Case.

French judges have just decided a most extraordinary will case. A Frenchman of wealth named Travers had conceived an intense hatred for his country. When he died, five years ago, he willed his property to "the poor of London" after these words: "I have always been oppressed in my native land. I have arrived at the age of 45 and have never been my own master. Horrible nation! People of cowards and blockheads! I should like to have milliards to give to the English, who are born enemies of this idiotic France. This is clear and to the point." The relatives of Mr. Travers naturally disputed this will on the ground that the testator was not of sound mind, and that the will, being framed in hatred of France, was contrary to "public order," and, lastly, that it could not be carried out in England, as there was no legal representative of the poor. But the court overruled all these objections, and the appeal subsequently made has just been rejected.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

—Somebody suggests hard work as a remedy for ill-luck, but many people regard the remedy as worse than the disease.

—Mr. R. A. Harrison, chemist and druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery and Dyspeptic cure for dyspepsia, impure blood, pimples on the face, biliousness and constipation—such cases having come under my personal observation." *

I tried everything that could be done through medical skill, but without relief. As a last resort, I tried *Dr Thomas' Eclectric Oil*, and in ten minutes found relief. I continued using it, and in a short time my ear was cured and hearing completely restored. I have used this wonderful healer successfully in cases of inflammation of the lungs, sore throat, coughs and colds, cuts and bruises, &c.; in fact it is our family medicine."

"There was a frog who lived in a spring.
He caught such a cold that he could not sing."

Poor, unfortunate Batrachian! In what a sad plight he must have been. And yet his misfortune was one that often befalls singers. Many a once tuneful voice among those who belong to the "genus homo" is utterly spoiled by "cold in the head", or on the lungs, or both combined. For the above mentioned "croaker" we are not aware that any remedy was ever devised; but we rejoice to know that all human singers may keep their heads clear and throats in tune by a timely use of Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery, both of which are sold by druggists.

AYER'S PILLS. Sugar-Coated Cathartic

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Billious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Esling, Richmond, Va.

Electric Tramway—Report of Grand Jury—Contracts—By-Laws.

At 8 o'clock last evening the regular meeting of the Board of Aldermen was held in the City Hall. Present: His Worship Mayor Grant, Ald. Wilson, Kelly, Goodacre, Harrison, Coughlan, McKillican, Harris, Vigelius and Styles.

City Clerk Dowler read the minutes of previous meeting. Adopted.

COMMUNICATIONS.

From H. F. Heisterman, Secretary-Treasurer of the National Electric Tramway Company enclosing a schedule of streets through which the electric cars will run and informing the Board that the work of opening the streets would take place July 20th. The communication also asked that the right of way be granted through Government street where the hacks are standing.

From the Mayor and Celebration Committee of Vancouver inviting Mayor Grant and the Board to attend the celebration at Vancouver on Dominion Day. On motion the City Clerk was instructed to accept the invitation with thanks.

From Hon. Justice Crease enclosing the report of the Grand Jury regarding the powder magazines and the presence of prostitutes in public places.

Ald Coughlan remarked (*sotto voce*) that the report and communication be referred to the Park Committee.

Ald. Harrison considered that the matter should be referred to the Finance Committee.

On motion His Lordship's communication was referred to the Police Committee; the Clerk was instructed to notify His Lordship that the report was under consideration.

From O. C. Hastings asking for a water service on St. Lawrence street. Referred to Water Committee and Water Commissioner.

From Tai Yik informing the Board that they would not renew their opium license. Filed.

From J. Stuart Yates, secretary of the Victoria-Saanich-Esquimalt Railway Company asking the Board to meet the directors of the Company. Received and filed and Thursday evening named to meet the directors.

From the 4th of July Committee of arrangements of Port Townsend extending an invitation to take part in the celebration in that city on July 4th. Received and accepted with thanks.

From T. Geiger asking for a new sidewalk on Blanchard street between Fisgard and Herald streets. Referred to Street Committee.

From H. F. Heisterman regarding the fountain at the junction of Douglas and Government streets; asking whether the Board would paint the fountain and place it in proper condition. Referred to Park Committee.

From H. F. Heisterman regarding the extension of the street railway system. Referred to Street Committee and City Surveyor.

From the B. C. Ice & Freezing Company through S. Kelly, Jr., asking the Board to exempt the company from taxation for a period of five years in order to encourage home industry. The communication stated that the company would manufacture ice and would freeze fish for export and home consumption.

Ald. Coughlan said he was not opposed to encouraging a new industry, but this was not a large concern and many other industries expending large sums would not consider it proper to grant exemption from taxation of an industry employing a few men with the expenditure of a small sum. He moved that the matter be referred to the Finance Committee to report.

Ald. Wilson seconded the motion to refer the matter to the Finance Committee. The Aldermen considered that the passage of a motion to exempt the Ice Company would bring in a number of applications from other manufacturers. The motion to refer the communication to the Finance Committee was carried.

From Charles Wilson informing the Board that Fook Yuen intended to discontinue the manufacture of opium. Received and filed.

From W. T. Crawford, complaining of charges for water. Referred to Water Committee and Commissioner.

From L. Goodacre and others, asking for the laying of mains on Edmonds street, Spring Ridge. Referred to Water Commissioner and Water Committee.

From a number of Chinese opium manufacturers asking for a reduction of the tax on opium manufacturies. Received and filed.

GRADING WORK STREET.

Tenders were read from James Baker offering to do the earth works for 40 cts. per yard and the rock work for $2.40; John Haggarty offered to do the earth work for 30 cents per yard and the rock work for $2.23 per yard; N. LeClaire, offered to do the earth work for 35 cents per yard and $2.50 for rock; P. Nelson's tender was 30 cents for earth work and $2.75 for rock work. Awarded to J. Haggarty, the lowest tenderer.

MOTIONS.

Ald. Harris moved, seconded by Ald. McKillican, that the sum of $700 be set aside for the purpose of defraying the expenses of Mr. Pickering, who would visit the city and give any information required, so that the sewerage work could be proceeded with at once. The Alderman said the Board was a long time over the matter and the people would be better satisfied if Mr. Pickering was brought to this city to furnish the necessary plans. A new by-law would be placed before the citizens after Mr. Pickering's report and the work proceeded with at once.

Ald. Coughlan said he would oppose the motion. A new engineer, Mr. Chipman, was in the city a few days ago and what did it all amount to? It was not necessary to go outside of Victoria to find engineers to attend to the work. This way of scouring the world for engineers was not at all favored by the ratepayers. Instead of spending money engaging engineers the work might be taken up by local men.

Ald. Kelly was not in favor of the Pickering scheme. A separate system would be not only proper but it would then be seen that the sewers proposed by Mr. Pickering would be laid too far from the surface.

Ald. Wilson was in favor of the motion to send for Mr. Pickering. The ratepayers would be in favor of asking Mr. Pickering to report. He hoped to see the level of the sewers raised, and thought it could be arranged if Mr. Pickering paid Victoria a second visit.

Ald. Harrison endorsed Ald. Wilson's remarks. He was of opinion that the people would accept no system but the Pickering.

His Worship said he did not wish to again express an opinion on the question. Mr. Keefer, one of the best sanitary engineers on the continent, after examining the plans and specifications stated that the sewers proposed by Mr. Pickering would be too large for this city. His Worship would always be in favor of modern works in preference to schemes introduced in some cities years ago.

The motion introduced by Ald. Harris was carried.

BRIDGE INSPECTOR.

On motion C. H. Lambkin was appointed overseer of the work on Rock Bay bridge.

REPORTS.

From the Finance Committee, reporting that the Board was not in a position to donate a sum for the purpose of assisting immigrants and referring Mr. Spencer's communication on the subject to the Provincial Government. Adopted.

From the Street Committee, recommending improvements on Dallas Road and the laying of a new sidewalk on Vancouver street between Collison and Maclure streets. Adopted.

From the Sanitary Committee, recommending the purchase of a horse to draw the sanitary cart. Adopted.

NOTICE OF MOTION.

Ald. McKillican gave notice to introduce a by-law entitled the "Aldermen's Remuneration By-Law."

BUILDING BY-LAW.

Ald. Coughlan called the attention of the Board to the construction of a building in Waddington alley. The owners are raising a wooden building and constructing a brick building beneath it. The City Surveyor refused to stop the work and should be called on to explain why he allowed the work to go on.

Ald. Harris said it was a question whether the owner intended to construct a new brick building outside the old wooden shed, or whether he intended to infract the Building By-law.

Ald. Wilson said he considered the building something like Barnum's "what is it". The owner is raising the building and no one could tell what he intended to do with it. The Fire Wardens wished to hear the opinion of the Board on the matter.

Ald. Styles considered the repairs to the building a flagrant violation of the Building By-law and moved that the owner of the building be prosecuted.

Ald. Coughlan said the police should enforce the provisions of the Building By-law in respect to this building.

Ald. Vigelius said he visited the building with the City Surveyor and was informed by the owner of the building that the new work would be done in brick. The man was poor and it was not the place of the Board to act in a tyrannical manner. If the work was done without increasing the fire risk the Board would surely have no complaint.

Ald. Coughlan said there was only one law for the rich and one for the poor. If this work is allowed to go on every old shack and fire trap in the city will be raised, and they will continue to be a menace to the city.

The Supt. of Police and Building Inspector were instructed to carry out the provisions of the Building By-law.

Ald. Goodacre called the attention of the Board to the necessity of constructing a box drain on Pandora street from the City Hall.

On motion the Street Committee was directed to lay a box drain from the City Hall to the foot of Pandora street.

The Board then adjourned.

Villard's Success.

The result of the annual meetings of the Oregon & Transcontinental and O. R. & N. Companies in Portland on Monday is variously speculated upon. There appears to be no doubt but that Villard's programme has been carried out and that he has been practically restored to power again. The election of the directorate of the Northern Pacific, which takes place in a few days will settle the matter as to whether there is to be a new *regime* or not. Under the new arrangement it is believed the Union Pacific will at once seek an independent connection with the Sound and will build for that purpose.

LOAN BY-LAW.

WHEREAS, THE MUNICIPAL COUNCIL of the corporation of the City of Victoria, has resolved to raise by way of a loan the sum of $45,000, to be expended in street and bridge improvements in said city and in enlarging the area of Ross Bay Cemetery.

And whereas it will require the sum of $3,159 to be raised annually by special rate for the payment of said debt and interest as hereinafter mentioned.

And whereas, as the amount of the whole rateable property of the said corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,000 irrespective of any future increase of the rateable property of the municipality, and of any income in the nature of tolls, interest or dividends from the work, and also irrespective of any income from the temporary investments of the sinking fund or any part thereof.

And whereas, for paying the interest and creating an equal yearly sinking fund for paying the said principal sum of $45,000, and interest as hereinafter mentioned it will require an equal annual special rate of one-eighteenth of one per cent. on the dollar.

And whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Therefore, be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria:

1. That it shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $45,000, and cause the same to be paid to the treasurer of the said corporation for the purposes and with the objects following, that is to say, to be expended in alterations, additions and improvements as follows:

Rock Bay Bridge.
Work Street.
Pandora Street extension.
Third Street extension.
Fernwood Road.
Yates Street.
Broad Street.
Blanchard Street extension.
Wharf Street for sanitary purposes.
Ross Bay Cemetery.
Ontario Street.
Dallas Road.
Catherine Street and other streets.

2. That it shall be lawful for the said Mayor to issue any number of debentures to be made for such sums of money as may be required for not less than $1,000 each, and that the said debentures shall be sealed with the seal of the said corporation of the City of Victoria and be signed by the Mayor.

3. That the said debentures shall be made payable in 30 years from the day hereinafter mentioned for this by-law to take effect, at the office of the treasurer of the corporation of the said city of Victoria and shall have attached to them coupons for the payment of the interest.

4. That the said debentures shall bear interest at and after the rate of five per cent. per annum from the date thereof, which interest shall be payable yearly at the office of the treasurer of the said corporation.

5. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest at the rate aforesaid to become due thereon, an equal special rate of one-eighteenth of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property in the said municipality during the continuance of the said debentures or any of them.

6. That it shall be lawful for the said municipal council from time to time to purchase any of the said debentures and such debentures shall be so express as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so repurchased shall be forthwith cancelled and destroyed and no reissue of debentures shall be made in consequence of such re-purchase.

This by-law shall take effect upon the 28th day of June, A. D. 1889.

This by-law may be cited as "The Forty-Five Thousand Dollar Loan By-Law, 1889."

Passed the Municipal Council the 23rd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

Reconsidered and finally passed the Council this 14th day of June, A. D. 1889.

The Mayor's Remuneration By-Law

Whereas under and by virtue of the Municipal Act, 1889, it is enacted that the Council of every Municipality may from time to time make, alter or repeal By-Laws for (inter alia) paying the Mayor out of the annual revenue a sum of money not exceeding $2000;

Be it therefore enacted by the Municipal Council of the Corporation of the City of Victoria as follows:—

1. There shall be paid to the Mayor for the time being of the said City of Victoria out of the annual revenue of the said City the sum of two thousand dollars ($2000.00).

2. This By-Law may be cited for all purposes as the "Mayor's Remuneration By-Law, 1889."

Passed the Municipal Council, the 23rd day of May, A. D. 1889.

Reconsidered and finally passed the Council, this 12th day of June, A. D. 1889.

THE BRITISH COLUMBIA FIRE INSURANCE COMPANY.

TAKES RISKS ON THE CASH OR MUTUAL PLANS.

As this is a Home Company, organized by British Columbians for the two-fold purpose of giving cheap insurance and keeping the money in this Province, it commends itself to the support of every insurer desiring the prosperity of this country.

In Ontario, the system of insurance, which is similar to that adopted by this Company, has been in highly successful operation for the past fifty years, and it has proved to be a great advantage to every insurer in it, by reducing the cost of insurance, and it is estimated that now three-fourths of the insurance effected in Ontario is carried by mutual companies.

—A good deal of complaint is indulged in concerning the commitment of Young in the police court on a charge of inducing marines to desert. Young's friends assert that he has always been most law-abiding, and although he had been bantering with a lot of sailors in front of a bar no criminal intent was shown.

—The street preacher and his two female satellites held forth last night on Yates street for the last time. The preacher waxed wrathy and predicted terrible things, such as fire, for this "ungodly city." He seemed to be disappointed at the coldness of his reception and silently wended his way to the steamer followed by the two women!

—Mr. C. E. Riggins, Beamsville, writes, "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seemed to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results." *

PROVINCIAL COURT.

(Before Robert Ward, Esq., J. P.)

Loey Chung, charged with having exposed a horse with a contagious disease—glanders. The case was dismissed as it was not proved that the defendant had knowledge that the horse was affected with glanders.

John Williams, charged with having assaulted Michael Morrisey by throwing a stone at him on Cedar Hill road. Case dismissed, the prosecutor to pay $6.00 costs.

POLICE COURT.

(Before Hon. A. N. Richards, Q. C.)

W. Millar, charged by Officer Thomas with being found in a state of intoxication. Sentenced to imprisonment for one month.

Henry Smith, on remand, summoned for allowing his cattle to run at large in Beacon Hill Park.

Mr. Taylor appeared for the prosecution and said the by-law was not very explicit regarding cattle roaming over the Park outside the city limits.

Mr. Fell, for the defense, said the same trouble arose in Vancouver. The Municipal Council can pass rules regarding cattle roaming over public parks and cemeteries.

His Honor considered that the case should be dismissed.

Dr. Childs Pile Ointment.

Instantly relieves and permanently cures piles, pruritus and all hot and itching sores and eruptions. Price, $1, of druggists. d&w

Do Not Overdo It.

Ald. McKillican has given notice of a by-law providing that a salary of $200 per annum be paid to the city aldermen. We hope Ald. McKillican will be able to advance some arguments for such an innovation in municipal government.

Significant.

A public meeting was held in the Sooke school house on Saturday the 15th inst. Mr. Edward Milne occupied the chair, and Mr. J. A. Murray acted as secretary. An address was delivered to his constituents by Mr. C. E. Pooley, M. P. P., at the close of which a vote of thanks was tendered to him.

New Steamer.

Mr. Mara, of Kamloops, will put a steamer on the Columbia which will run to Sproat's Landing. The trail from that point to Nelson is a miserable one. The distance is thirty miles, and the difficulties and expense of transporting supplies are too great to permit of its use to any great extent. Result: The trade is going to Idaho.

The School Law.

At the annual school meeting held in Sooke on Monday, 17th inst., a motion was submitted by E. Milne, seconded by J. Muir, and carried, that the meeting request the legislature to alter the compulsory clause from six months' attendance to the full annual term of the school, and that the age be altered from twelve to sixteen unless said child or children shall pass Standard V.

Public School Examinations.

The midsummer examinations of the public schools of the city will commence on Tuesday next. The following will be the order if no change is in the meantime decided upon:

Spring Ridge School	Tuesday Morning
Johnson Street Ward school	Wednesday "
James Bay Ward school	Thursday "
Rock Bay school	Friday "
Girls Dept. Central school	Wednesday p. m.

New Use for Pumice Stone.

A gentleman residing in North Saanich is said to have made known a most important discovery at the picnic held at the grounds of the Saanich Agricultural Society on Wednesday. He stated that it was unnecessary to use a razor for shaving, and it is said that he proved to the satisfaction of a committee selected on the grounds, that a piece of pumice stone rubbed over the face would remove every vestige of hair without injuring the skin.

Apron Bazaar.

The sale of aprons was continued at Philharmonic Hall this afternoon under the auspices of the ladies of the Altar Society of the R. C. pro-Cathedral. This evening a concert will be held and the ladies will dispose of ice cream, strawberries, raspberries and lemonade. The bazaar will be brought to a close tonight. The promoters of the sale are more than pleased with the patronage extended and a handsome amount is already in their hands to be expended in purchasing necessary articles for the altars of the edifice.

From the Orient.

The steamship Parthia, Capt. Wallace, considered to be the fastest of the C.P.R Oriental line steamers, arrived at Vancouver on Tuesday evening from China and Japan. She left Hongkong May 23rd and Yokohama June 6th. The passage from the latter port was made in 12 days and 9 hours, the fastest time on record. The Parthia's cargo was 2000 tons, of which 800 is overland freight, consisting of tea and silk, and the balance for the coast trade. Altogether there are 28,346 packages. Among the passengers was Mr. F. Sugimura, Consul for Japan at Vancouver.

Brick Buildings.

The work of demolishing the wooden buildings at the north east corner of Yates and Douglas streets was commenced this morning by Messrs. Smith & McIntosh, contractors for the new brick building to be erected on the ground.

The purchaser of the Hodges property at the north east corner of Pandora and Douglas streets intend to erect a two storey brick building thereon.

Rowbotham & Co.'s new building at the south east corner of Douglas and Pandora streets will be ready for occupation on July 1st.

It is understood that a brick building will be erected in a short time on Douglas street on the ground occupied by Geo. Rudge's marble works.

The corporation will extend the fire engine house on Pandora street to Cormorant street, in order to provide proper accommodation for the police and fire department.

John Teague, architect, invited tenders for a two-storey brick building at the northwest corner of Broad street and Trounce Alley.

THE FIRE ALARM.

Burning of W. W. Evans' Slaughter House on Cedar Hill Road.

At 12:20 o'clock this morning Night Watchmen Farrell and Hossen noticed a large fire in the direction of Chatham street. An alarm was turned in at the Yates street engine house and the fire department were quickly proceeding along Douglas street to Princess avenue. The fire was too far from the limits of the city and it was not considered advisable to send the apparatus so far away from the business portion of the city without any information regarding the necessity for their services. This morning information was brought to the city that W. W. Evans' slaughter house and sheds were burned down. The buildings were not used for the past three months and the cause of the fire is a mystery. Mr. Evans insured the premises in the Glasgow & London Company, three years ago, for the sum of $850, and was surprised on looking at the policy this morning to find that it would run out at the end of June. It is believed that the fire was started by a tramp who occupied the building as a sleeping place during the night.

Mr. Evans visited the scene of the fire this morning and found that the outbuildings were still standing. Residents of the locality knew nothing of the fire until this morning after daybreak. The owner considers that drunken Indians were the cause of the fire.

A PLEASANT EVENT.

First Annual Picnic and Ball—Large Attendance.

On Wednesday afternoon the Saanich Agricultural Society held their first picnic and ball at Agricultural Hall, South Saanich. A large number of residents of the district, with friends from the city, were present and a most enjoyable afternoon and evening was passed. The merry picnicers assembled on the grounds shortly after noon, and a well arranged programme of sports was carried out under the superintendence of President Bryant and the officers of the society. Lovers of the light fantastic passed the afternoon dancing in the large hall and when the shades of evening fell the large gathering assembled in the pavilion and continued dancing until daylight to delightful music furnished by Profs. Haynes and Proctor. Refreshments were served by the hospitable ladies of Saanich. The officers and members of the society were most assiduous in their attention to the guests and succeeded in making the picnic and ball the best ever held in the district. At 2:20 o'clock this morning, the merrymakers left for their homes each pleased with the first picnic and ball of the Saanich Agricultural Society. It is the intention of the society to hold another picnic in a short time at the agricultural grounds.

RECEPTION AND SOCIAL

To Mr. Baer at the Gorge Road Church Last Evening.

A most pleasing event took place last night in the Gorge Road Methodist church, the affair being a social and reception for the new pastor, Rev. W. W. Baer, who took charge of the work last Sunday. A large number of the congregation and friends of the church were present when Rev. J. W. Wadman, the ex-pastor, called the meeting to order and solicited the choir to render the opening music. He then led in prayer, invoking the Divine blessing upon the new pastor and his labors during the future.

Throughout the evening the speeches were interspersed with choice selections by the choir, solos, etc. The solo by Miss Berridge, the cornet solo by Miss Western, and the "Model Church," rendered by Miss Humber, deserve especial mention.

Mr. M. Humber was the first speaker introduced. He explained very humorously the purpose of the meeting and referred in feeling terms to the departure of Rev. Mr. Wadman. He was quite sure, however, that the prosperity of the Gorge Church would be very great during the years of the new pastorate. He stated that he had built the church and had received his pay for it, the inference being that a church paying for itself in so short a time is on the high way to prosperity. With reference to Rev. Mr. Baer he said he was sure that he voiced the unanimous feeling of the congregation when he tendered him an unqualified welcome. Bears, said he, are proverbial growlers, and this congregation would not object to an occasional growl, provided it was called for. He recommended even an occasional hug, and suggested that it would have its good effects. Again he welcomed Mr. Baer and retired amid applause.

Mr. N. Shakespeare was then called on and continued the words of welcome. While they all deeply regret the departure of the old pastor, they would earnestly rally round the new one. Of course, said he, with a smile of irony, Mr. Baer must be perfect. He must make no mistakes. He must commit no blunders. If he does, he'll hear of it. Moreover, if we do wrong, he must not mention it or even notice it. He made other practical remarks anticipating a highly prosperous year, and expressed in his welcome what he believed to be the entire feeling in this quarter of the city.

Rev. W. W. Baer was then called on. He said his feelings were not mingled on this occasion, but were feelings of sincere pleasure. Turning to the chairman, he said he was pleased to have him here to welcome his successor. It seemed to be as it should be. He had heard of Mr. Wadman before leaving eastern Canada, and his impression was favorable, indeed, and acquaintance had not changed it. He was pleased to have two such representative men as his friends Humber and Shakespeare to help him into the good graces of his people. Some of the remarks and recommendations made by them would, however, if carried into effect by him involve him in new experiences. He hoped that if he took a serious view of things and did as they advised, the dear old "Fathers in Israel" wouldn't object. He urged them to remember that if any trouble follows they have brought it on themselves. He was glad to be associated as a pastor with so sincere a people. He had not asked to come to this church, had not expected to come and did not bank on coming until the reading of the final draft of stations in the conference. He rejoiced in the past prosperity of the church, rallied his people and enthused them with new purpose. He would devote himself to the interests of his Master and of his church.

He said he did not come here to run this church, he did not want to do that and he is made of the material that wouldn't like to have the church try to run him. He thought a happy medium could be struck and a fair division of the responsibility made. With a few other practical remarks he took his seat.

Rev. Mr. Fraser, of the First Presbyterian church, spoke briefly, giving some practical advice and while lamenting the departure of his friend Mr. Wadman, bade a hearty welcome to his young successor. On behalf of the First Presbyterian Church he welcomed him to the city and to the churches' work. Rev. M. L. Rugg, of the Calvary Baptist church, spoke briefly in the same strain. He hoped Mr. Baer would become powerful in his endeavors to stay the uprising and sweeping tide of evil in this city, and had no doubt he would. He had heard good reports of Mr. Baer and personal friends of Mr. Rugg's in Comox had told him that the city is getting a first class man. He refrained from saying more in Mr. Baer's presence.

Tea and refreshments were then served after which with a few closing remarks, Rev. Mr. Wadman dismissed the meeting.

The Westminster Council.

As the business of the New Westminster city council increases some diversion from the always animated discussions on sidewalks, streets and sewers is found necessary. At the last meeting a scene occurred which would have done Victoria infinite credit two years ago in the days of the "obstructionists" and "cork screw brigade." A dispute arose over a new license by-law which culminated in Alds. Ewen, Jaques, Scoullar and McPhadden, rising and leaving the council room. Ald. Curtis, representing the temperance people, was pressing the by-law, which imposed an increased license on hotels and saloons, while Alderman Jaques opposed it. After the four Aldermen referred to had left the room, Ald. Curtis insisted that the by-law should be there and then disposed of by the five members of the Council remaining. Mayor Hendry opposed this course and during a discussion which ensued, Curtis applied the term "Boobies" to the Mayor and Aldermen, on which the Mayor left the chair and refused to sit again till an apology had been made. After an hour's wrangling, the apology was forthcoming and the Council adjourned. The supporters of the by-law were Mayor Hendry, Alds. Curtis, Cunningham, Calbick and Reid.

June 20. Victoria, B. C.

MUNICIPAL.

NOTICE IS HEREBY GIVEN, pursuant to section 5 of chapter 92 of the Revised Statutes of Canada, intituled "An Act respecting certain works constructed in or over Navigable Waters," that the Municipal Council of the City of Victoria, Province of British Columbia, has deposited with the Minister of Public Works of Canada a plan and a description of a wharf or dock, to be used for sanitary purposes, situate at Ross Bay, at the said city, in the said province, and a duplicate of each with the registrar of deeds for the said city of Victoria.

AND NOTICE IS ALSO HEREBY GIVEN, that application will be made, after the first day of August, 1889, to the Governor-in-Council for approval of said plan and work.

WELLINGTON J. DOWLER, C. M. C.

Dated at Victoria, British Columbia, this 19th day of June, 1889. je20

The Street Railway Guarantee By-Law, 1889.

WHEREAS, BY A BY-LAW ENTITLED THE "Street Railway Bylaw, 1888," passed by the Corporation of the City of Victoria on the 5th day of December, A. D. 1888, a charter or franchise was granted by the Mayor and Board of Aldermen of the said City of Victoria, to J. Douglas Warren, Andrew Gray, David W. Higgins, Joseph Hunter and Thomas Shotbolt, to lay tracks, erect poles and string wires thereon for motor, lighting, and other electrical purposes.

And whereas, the said J. Douglas Warren, Andrew Gray, D. W. Higgins, Joseph Hunter and Thomas Shotbolt have since assigned all their right, title and interest in and to the said charter or franchise, through the Honorable John Herbert Turner as Trustee, to a company incorporated and known as the National Electric Tramway and Lighting Company, limited liability.

And whereas, the said National Electric Tramway and Lighting Company, limited liability, is desirous of prosecuting to completion the work contemplated and provided for by the said charter or franchise, and have applied to the Corporation of the City of Victoria for aid, in order that the said works may be speedily constructed and put in operation.

And whereas, it is expedient to grant the prayer of the said company for such aid by a guarantee of interest at the rate of five (5) per cent. per annum for a period of twenty years on the sum of forty thousand dollars ($40,000), for a part of the undertaking contemplated by said company, namely, for the purpose of constructing and equipping a Street Tramway or Railway.

And whereas it will require the sum of two thousand dollars ($2000) to be raised annually by special rate for the payment of said interest, in the event of the said corporation being called upon to pay the same;

And whereas the amount of the whole rateable property of the said Corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,756,445.00, irrespective of any future increase of the rateable property of the municipality and of any income in the nature of tolls, interest, or dividends from the work, or from any stock, shares or interest in the work upon which the money so to be raised or any part thereof is intended to be invested, and also irrespective of any income from the temporary investment of the sinking fund or any part thereof.

And whereas for paying the said interest (in case as aforesaid) it will require an equal annual special rate of one twenty-eighth of one per cent. on the dollar;

And whereas it is intended to reduce the general rate so that the special rate shall not increase the total rate of taxation.

Therefore be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria as follows:

1. That the Corporation of the City of Victoria shall guarantee interest at the rate of five per cent. per annum on the bonds of the said National Electric Tramway and Lighting Company, limited liability, to the amount of forty thousand dollars ($40,000) for a period of twenty years from the date of said guarantee in manner following, namely:

2. When it shall have been shown to the satisfaction of the Corporation of the City of Victoria that fifteen thousand dollars ($15,000) of the capital stock of the said Company has been paid up by the subscribers thereto and bona fide expended in and towards the construction of a street railway in said city by said company according to their charter, the said corporation shall guarantee interest at the rate of five per cent. per annum on a first issue of bonds of the said company to the amount of fifteen thousand dollars ($15,000), the interest so guaranteed to be paid half-yearly.

3. When it shall have been shown to the satisfaction of the said corporation that a further sum of fifteen thousand dollars ($15,000) of the capital stock of the said company has been paid up by the shareholders thereof and a sum of at least forty-five thousand dollars ($45,000) has been bona fide expended in and towards the construction of a street railway in said city by the said company, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further issue of bonds to the amount of fifteen thousand dollars ($15,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly.

4. When it shall have been shown to the satisfaction of the said corporation that a further sum of ten thousand dollars ($10,000) of the capital stock of the said company has been paid up by the shareholders thereof and that a sum of at least seventy thousand dollars ($70,000) has been bona fide expended by the company in and towards the construction of a street railway aforesaid, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further and final issue by the said company of bonds to the amount of ten thousand dollars ($10,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly, the proceeds of this last issue of bonds to be expended as aforesaid.

5. The liability the said corporation shall not extend beyond the guarantee of interest at the rate of five per centum per annum as aforesaid.

6. The guarantee is subject to the conditions that the said corporation shall have the right to appoint one or more auditors to examine the books of the said company, and shall have the further right to a representative on the board of directors of the said company during the whole period of the continuance of this guarantee, such representative to be nominated by the said corporation.

7. Any sum or sums of money so paid by the said corporation under its guarantee or guarantees as aforesaid shall be a first charge upon all the property and undertaking of the said company subject to the said bonds, and shall be a part of the consideration for this guarantee and shall be payable and paid to the said corporation by the said company before any dividend shall have been paid to the shareholders thereof.

8. The acceptance by said company of the benefit of this guarantee shall be conclusive evidence of the assent of said company to the foregoing clause of this by-law.

9. The form of bonds to be issued by said company to be approved of by said corporation before any liability under this guarantee attaches.

10. This by-law and the liability of the said corporation is subject to the condition that the moneys expended by the company to obtain the benefit of this guarantee and the moneys obtained from the proceeds of the bonds in respect of which interest is guaranteed by said corporation shall be bona fide expended by said company in and towards the construction of a street railway and for no other purpose.

11. That for the purpose of forming a sinking fund for the payment of said interest an equal special rate of one twenty-eighth of one per cent. on the dollar shall be raised, levied and collected in each year in case said corporation be called upon to pay same upon all rateable property in the said municipality during the continuance of this guarantee.

12. This by-law shall take effect on the 28th day of June, 1889.

13. This by-law may be cited for all purposes as "The Street Railway Guarantee By-Law, 1889."

Passed the Municipal Council the 23rd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

Reconsidered and finally passed the Council this 12th day of June, A. D. 1889.
